

Dr. Margaret Christensen will speak on  
***"Wellness & Integrative Approaches to  
Hormonal Balancing."***

**NEW LOCATION – SEE BELOW**

*Presented by the Dallas Chapter of  
Women in Insurance and Financial Services*

*Dr. Christensen is a nationally known speaker who practices at the Christensen Center for Whole Life Health in Dallas. Her mission is to provide impeccable medical care within a safe haven that supports the whole woman physically, emotionally and spiritually. Her practice brings to us the latest medical resources integrated with an understanding of the important role of nutrition, knowledge of natural hormones, healing herbs and other alternative approaches to women's wellness.*

*She is an advocate for women's health and strives to help women understand the changes of life they will experience - in a way that only another woman could.*

*One of our members said, "I have come to understand that the changes that happen in my body are to be embraced knowing that this is a part of being a woman. Dr. Christensen integrates mind, body, and spirit so that the treatment looks at the cause and not just the symptoms."*

*There will be time for questions and answers about women's health issues. So, come and enjoy an evening of inspiration / education / time with the girls and, of course, networking and fun. Invite your friends, clients, & prospects to this event.*
