Group Coaching is Hot! in the market place and in Financial Companies and Organizations. At the April 25th, WIFS meeting here in Dallas, Ginger Cockerham will be coaching a live group of financial services professionals and will be wearing two hats: one as the "in the moment coach" of the group, and another as a presenter for the audience. This will give you a chance to observe the power of group coaching and to discover and apply some of the tools and techniques immediately in your own business. Fasten your seat belts for a fun ride!

Our speaker, Ginger Cockerham, is a Master Certified Coach (MCC) who coaches Executives and Professionals in the Financial Services Industry. She is the Vice President of the 12,000 member International Coach Federation and teaches Group Coaching at Columbia University in New York. Ginger is the co-author of a new book, "Magnificent Masters of Financial Services."
