Women in Insurance and Financial Services

Join us on Wednesday, January 24th, 2007, to hear this fantastic motivator. As an entrepreneur, Mary brings over 35 years of sales and marketing experience to Seebeck & Associates, a business that she began in 1985. Her financial services business focuses on the insurance needs and financial goals of others and has now grown to include her son as partner and her two daughters. They are proud to have helped many take command of their financial future.

Since introducing the 1st edition of her book, *American Dream Women*, in 1997, Mary has been an active lecturer, consultant and motivational speaker to many clients which include The MONY Group, Prudential, Met Life, and New York Life. She has also worked with non-profit organizations such as Oregon Public Broadcasting.

Mary's blend of stories and experiences effectively enlighten her audience. Her ability to speak from the heart, regardless of the topic, demonstrates she has either "been there" personally or helped others who have.

Mary's daily vision in both her business and personal life is that all women discover the peace of knowing their financial affairs are in order.
